

DENNIS MEMORIAL LIBRARY

Town of Dennis, MA

Coastal Engineering Co. provided an engineering design review and consultations to the architect and the Town for substantial renovation and addition to the 1924 Dennis Memorial Library located in a Historic District. The renovation included new reading/collection spaces, elevator stairwell, community meeting room, accessible restrooms, and a new front porch for community use. As a result, the facility expanded from 2,606 s.f. 6,330 s.f. with modernized and enhanced functionality.
