

## FLYERS BOAT SHOP

Provincetown, MA

Flyer's Boat Rental is a family run business offering the largest boat rental fleet on Cape Cod. Coastal Engineering Co. (CEC) has been consulting with the company over a period of time to provide engineering and environmental permitting services for the different tasks associated with marina operation and expansion. Most recently, CEC has provided design plans and permits for new wharf deck, wharf beam support system, and dock support system. This involved extensive regulatory review process, which has recently been successfully completed and the construction is due to start in the Spring of 2019.

### SERVICES

- Environmental permitting, including NOI, EEA - MEPA, CZM, ENF, Chapter 91, ACOE
- Existing conditions site plan
