

## THE RESIDENCES AT TRADEWINDS

Barnstable, MA

The Residences at Tradewinds is a luxury condominium complex which features 2,250 - 2,500 sq ft floor plans with beautiful architectural details and high-end finishes as well as spectacular ocean views from private decks overlooking Nantucket Sound. Units include two master suites with walk-in closets, additional baths, and central air conditioning. Amenities also include a detached garage space, assigned and guest parking, an inground pool, and one hundred feet of private ocean beach. Coastal engineering Co. worked with Keenan & Kenny Architects, Ltd. to provide structural engineering and construction phase services.

### SERVICES

- Structural engineering services, including "semi-public" pool and elevator shaft design
- Construction phase services
